

Organization/Institution	Training Program	Credential	Industry	Description	Program Length (Anticipated)	Stackable?	Transferable?	Estimated Cost (in-state tuition, no housing, supplies, or financial aid)	Notes
Berkshire Community College	<a href="#">Applied Manufacturing Technical Skills</a>	Certificate	AMES	Provides the quantitative and technical skills required for entry-level positions in manufacturing. Applicable both to new workers and experienced workers who wish to expand their skills. Offers classroom and practical education.	1 year	Yes		\$4,786	
Berkshire Community College	<a href="#">Applied Manufacturing Technology</a>	Certificate	AMES	Offers additional experiences compared to the Technical Skills certificate, such as writing and communication and interpreting engineering drawings. Can continue this program into the A.S. in Engineering Technology Manufacturing program.	1 year	Yes		\$6,064	
Massachusetts College of Liberal Arts	<a href="#">Biology - Biotechnology Concentration</a>	B.S.	AMES	The Biotechnology concentration provides a solid background in both biology and chemistry. This concentration emphasizes laboratory coursework and hands-on application of techniques and skills used in research laboratories. Internships and other experiences may also be pursued in specific areas of interest.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Bard College at Simon's Rock	<a href="#">Chemistry</a>	B.A.	AMES	The Chemistry concentration provides a background that, when augmented by additional coursework or a second concentration in the sciences, will prepare a student to pursue graduate studies in chemistry or a health-related area.	2 years (plus two for the A.A.)	Yes			
Williams College	<a href="#">Chemistry</a>	B.A.	AMES	The Chemistry major provides excellent preparation for graduate study in chemistry, biochemistry, chemical engineering, environmental science, materials science, medicine, and the medical sciences.	4 years	Yes			
Massachusetts College of Liberal Arts	<a href="#">Chemistry</a>	B.S.	AMES	The chemistry program covers basic principles and theories in analytical, organic, inorganic, and physical chemistry. Students learn synthetic skills, lab techniques, technical report comprehension, laboratory instrumentation, and chemical safety. This degree prepares students to move on to graduate school or to enter the workforce.	4 years	Yes			
Massachusetts College of Liberal Arts	<a href="#">Computer Science - Electrical Engineering Concentration</a>	B.S.	AMES	The Electrical Engineering Concentration prepares students for a variety of career opportunities, and may include design of next generation laptops, iPads, cell phones, navigation systems, or other network devices. The concentration consists of courses such as Electrical Circuit Design, Electronic Fabrication, Control Systems, Communications, Computer Organization and Assembly Language etc.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Berkshire Community College	<a href="#">Computer/Electronic Technology</a>	A.S.	AMES	Offers a mix of courses in electronics and computer hardware, software, and programming. Aimed at careers in designing, installing, maintaining, and operating computer systems but also provides training as an industrial electronics technician.	2 years		Yes		
Berkshire Community College	<a href="#">Engineering</a>	A.S.	AMES	Analogous to the first two years at most schools that offer engineering baccalaureate programs, designed to allow successful transfer to schools like RPI, UMass, Clarkson, and WPI.	2 years		Yes		
Bard College at Simon's Rock/Dartmouth College	<a href="#">Engineering</a>	B.A. and B.E.	AMES	Pre-engineering students at Simon's Rock have the option of applying to Dartmouth College's Thayer School of Engineering. Natural science, math, and computer science majors can choose either the 3+2 (traditional) or 2+1+1+1 track towards a dual degree that includes a BA from Simon's Rock and a BE from Dartmouth.	5 years (3+2 or 2+1+1+1)	Yes	Yes		
Bard College at Simon's Rock/Columbia University School of Engineering and Applied Science	<a href="#">Engineering</a>	B.A. and B.S.	AMES	Pre-engineering students at Simon's Rock have the option of applying to Columbia University's Combined Plan Program in New York City, enabling them to take advantage of the best of what each educational experience has to offer. They receive a rigorous liberal arts education in small, supportive classes in Great Barrington, working toward a BA degree with a pre-engineering focus before transferring to Columbia's renowned and selective engineering program.	3+2	Yes	Yes		
Massachusetts College of Liberal Arts/UMass Amherst	<a href="#">Engineering</a>	B.A. and B.S.E	AMES	Students complete their first three years at MCLA with a 3.0 or better, then complete their fourth and fifth years at UMass College of Engineering.	-4 years for B.A. -5 years (3+2) for B.S.E	Yes			
Berkshire Community College	<a href="#">Manufacturing Technology</a>	A.S.	AMES	Provides students with the basic skills needed to pursue a career in manufacturing. Classes held in classroom and practical environments. The program also offers internship opportunities.	2 years		Yes		

Bard College at Simon's Rock	<a href="#">Physics</a>	B.A.	AMES	This concentration provides students with the analytical and laboratory tools to investigate the physical world and prepares them for training in engineering, medicine, or education. When supplemented by additional physics courses, the physics concentration prepares students for a graduate education in physics.	2 years (plus two for the A.A.)	Yes		\$222,928	Estimated from multiplying the current tuition and fees (minus residence fee, enrollment fee, and international orientation fee) by 4.
Williams College/Columbia University	<a href="#">Physics</a>	B.A.	AMES	The Department of Physics offers a wide variety of courses ranging from introductory surveys through advanced tutorial courses. Students can utilize the Columbia Combined Plan, a 3-2 program, to acquire a B.A. in Physics from Williams and a B.S. in Engineering from Columbia.	-4 years for B.A. -3+2 years for B.A. & B.S.	Yes		\$278,560 (B.A)	Based on multiplying the 2018-2019 comprehensive fee (minus the study away fee) by four. Housing fee is mandatory.
Massachusetts College of Liberal Arts	<a href="#">Physics</a>	B.S.	AMES	The Physics major provides knowledge of the physical laws of nature and experience applying these laws in the lab. Students can also pursue advanced study in areas including electronics, solid state physics, astrophysics, and elementary particle physics.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Bard College at Simon's Rock	<a href="#">Pre-Engineering</a>	B.A.	AMES	The pre-engineering concentration sets students on an accelerated path to earn both a BA degree from Simon's Rock and either a BS from Columbia University or a BE from Dartmouth.	2 years (plus two for the A.A.)	Yes	Yes	\$222,928	Estimated from multiplying the current tuition and fees (minus residence fee, enrollment fee, and international orientation fee) by 4.
Berkshire Community College	<a href="#">Addiction Recovery Assistant</a>	Certificate	HCSA	The Addiction Recovery Assistant (ARA) certificate prepares Human Service or other helping professionals for entry-level work in the substance use field. Graduates of this program will be trained to offer the following entry-level supervised substance use services: Individual and group counseling; assessment; case planning; client services support; documentation; and community service outreach and referrals for individuals and families.	1 year	Yes		\$6,161	
Elms College/Berkshire Community College	<a href="#">Bachelor Degree in Social Work</a>	B.S.	HCSA	By analyzing human behavior through different lenses, students gain a deeper understanding of the factors that influence life in modern society. Our majors develop a versatile array of skills that prepare them to counsel individuals, families, and communities.	20 months	Yes			
Berkshire Community College	<a href="#">Biological Science</a>	A.A.	HCSA	The Biological Science concentration in the Liberal Arts degree program provides a strong foundation in the sciences; as well as general education courses in mathematics, social sciences, and the humanities. Students graduating from this program are prepared for transfer into baccalaureate programs in biology, chemistry, biochemistry, genetics, pharmacology, public health, pre-medical, pre-veterinary, pre-dental, and related programs. This is a MassTransfer eligible program.	2 years	Yes	Yes		
Bard College at Simon's Rock	<a href="#">Biology</a>	B.A.	HCSA	A concentration in biology provides a fundamental understanding of life, from cellular functions to ecological processes. Students learn to observe and document the behavior of biological organisms, conduct research, design and run experiments, and analyze data. Through advanced coursework, they're prepared for graduate studies in biology and health-related fields.	2 years (plus two for the A.A.)	Yes			
Williams College	<a href="#">Biology</a>	B.A.	HCSA	The Biology major provides students with a broad base for understanding principles governing life processes at all levels—molecular, cellular, organismal, and ecological. An evolutionary perspective guides all areas of the curriculum—development, behavior, physiology, genetics, and more.	4 years	Yes			
Massachusetts College of Liberal Arts	<a href="#">Biology</a>	B.S.	HCSA	The Biology major provides a strong education in cell biology, organismal biology and scientific inquiry, with coursework in biology, chemistry, physics and mathematics. The department offers courses in foundational disciplines and in a variety of specialty fields. An introductory seminar provides exposure to various careers, opportunities and learning skills in biology and health fields.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.

Massachusetts College of Liberal Arts	<a href="#">Biology - Pre-Medical Professions Concentration</a>	B.S.	HCSA	The Pre-Medical Professions concentration serves students interested in medicine, dentistry and pharmacy. The course sequence in this concentration provides the foundational knowledge necessary to score well on the MCAT and GRE and to succeed in a variety of professional programs. Strong students who have met the requirements outlined in the articulation agreement can simultaneously complete their senior year of undergraduate study and first year of podiatric medicine at the New York College of Podiatric Medicine. MCLA counts credits from the New York College of Podiatric Medicine toward the B.S. in Biology.	-4 years -3+4 program for B.S. and D.P.M	Yes	Yes	\$40,300 (B.S.)	Based on the cost of the current tuition (\$10,075) multiplied by four.
Massachusetts College of Liberal Arts	<a href="#">Biology - Pre-Veterinary Concentration</a>	B.S.	HCSA	The Pre-Veterinary concentration aligns with the pre-requisite courses for veterinary programs. Coursework includes Animal Behavior and Animal Physiology, and students can complete animal care internships at MCLA, the Berkshire Museum and/or local animal hospitals. Students in the Pre-Veterinary concentration must complete at least one internship. Students are encouraged to complete additional internships and/or observations to broaden their experience prior to applying to veterinary programs.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Berkshire Community College	<a href="#">Biotechnology</a>	A.A.	HCSA	The biotechnology concentration offers skills and knowledge in medical, biotechnology, environmental, and chemical biotechnology, providing a strong foundation in subject matter, applications, and methodology of the field. The curriculum prepares for employment as well as transfer into baccalaureate programs.	2 years		Yes		
Massachusetts College of Liberal Arts	<a href="#">Chemistry - Biochemistry Concentration</a>	B.S.	HCSA	A biochemistry degree is perfect for students interested in the medical field, including pharmacy, and those who are interested in researching subjects such as: the molecular basis for disease, environmental toxicology, or the bioengineering of microbes to produce drugs or biofuels.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Mildred Elley	<a href="#">Clinical Medical Assistant</a>	Certificate	HCSA	The Clinical Medical Assistant Certificate program provides an in-depth analysis of human anatomy and physiology, clinical and laboratory procedures and patient contact skills utilized in a clinical environment. As a Clinical Medical Assistant graduate, you are prepared for entry-level positions in medical clinics, laboratories, private physician's offices, pharmacies and hospitals. Students who successfully complete the program also earn certificates for phlebotomy and administering EKGs.	14 months	Yes		Not publicly-disclosed.	
Williams College	<a href="#">Cognitive Science</a>	N/A (Concentration)	HCSA	The COGS Program at Williams is designed to offer a coherent program of study in cognitive science and provide students with the broad interdisciplinary foundation needed to approach issues of cognition.	N/A			\$278,560	Based on multiplying the 2018-2019 comprehensive fee (minus the study away fee) by four. Housing fee is mandatory.
Massachusetts College of Liberal Arts	<a href="#">Community Health Education</a>	B.S.	HCSA	The Community Health Education program is an interdisciplinary major that provides a foundation in principles of community health, an understanding of the biological basis of disease, social and psychological aspects of health and disease, distribution and determinants of health and disease and practical strategies for implementing health promotion programs. Students who complete the B.S. in Community Health Education are eligible to take the Certified Health Education Specialist (CHES) exam.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Berkshire Community College	<a href="#">Community Health Option</a>	A.S.	HCSA	Associate in Science Health Science: Community Health Option provides comprehensive coursework for students who would like to work in a rapidly expanding field of public health. The program closely matches freshman and sophomore curriculum at colleges offering Baccalaureate degrees in public health, community health, health education, and other related fields. Students who complete this degree will also earn a Community Health Worker (CHW) certificate as part of their degree requirement.	2 years	Yes	Yes		
Berkshire Community College	<a href="#">Community Health Worker</a>	Certificate	HCSA	The Community Health Worker (CHW) certificate program offers classroom and field training for frontline public health workers. Students learn to deliver a range of services including community and individual needs assessment, outreach, home visits, health care system navigation, health and wellness education, and client-centered counseling.	1 year	Yes		\$6,064	

Massachusetts College of Liberal Arts	<a href="#">Computer Science - Bioinformatics Concentration</a>	B.S.	HCSA	The Bioinformatics Concentration is an interdisciplinary concentration that prepares students for careers in bioinformatics and data science, or for graduate study in these areas. This concentration consists of courses in biology, database, parallel computing, algorithms, and computer programming.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Berkshire Community College	<a href="#">Dental Assisting</a>	A.S.	HCSA	Prepares students for work as dental assistants, who provide patient care and office administration under the supervision of a dentist. Program offers practical instruction at McCann and classroom instruction (biology, nutrition, composition/communications, math for health science, etc.) at BCC. Graduates are eligible to take a national certification exam and if successful, use the designation of Certified Dental Assistant.	Not specified, but the program is a 43 credit courseload in itself, so 2 years seems likely.	Yes	Yes		
McCann Technical School	<a href="#">Dental Assisting</a>	Certificate	HCSA	The program prepares students to take the Certified Dental Assistant examination, which is the national licensing exam.	1 year	Yes		\$3,105/\$4,605	Cost split reflects the difference between in-district (Adams, Cheshire, Clarksburg, Florida, Lanesborough, North Adams, Savoy, and Williamstown) and out of district. Also includes supplies, uniforms, etc.
Berkshire Community College	<a href="#">Health Information Management</a>	Certificate	HCSA	The Health Information Management Certificate is designed for students with a background in medical coding that look towards expanding their knowledge and skill set to qualify for higher level positions in the Health Information Management field. This program will prepare students to sit for the CCS (Certified Coding Specialist) examination. In addition to serving as a valuable careers-building credential, this program also allows students continuation in the Health Information Management option of BCC's Business Careers Associate's Degree Program.	1 year	Yes		\$4,999	
Berkshire Community College	<a href="#">Health Information Management Option</a>	A.S.	HCSA	This program is designed for students who are seeking a higher credential toward a first-level management position. Expands beyond the certificate by also offering training in accounting, computer literacy, economics, and communications.	2 years		Yes		
Berkshire Community College	<a href="#">Health Science Option</a>	A.S.	HCSA	The Health Science option is designed for students who are tracking toward a Nursing or Allied Health programs or who wish to increase their knowledge and skills in health care as a generalist. This option also makes it possible for students to complete an Associate degree in Health Science and provide a basic foundation for transfer to a four-year institution.	2 years	Yes	Yes		
Massachusetts College of Liberal Arts	<a href="#">Health Sciences</a>	B.S.	HCSA	The general Health Sciences degree will allow students to pursue careers and advanced study in a variety of health fields, including nursing, and this concentration would also be appropriate for students considering careers in nutrition. Strong students who have met the requirements outlined in the articulation agreement gain preferred admission to the Master of Science in Nutrition program at the Sage Colleges in Albany, NY.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Massachusetts College of Liberal Arts/Berkshire Medical Center School of Medical Technology	<a href="#">Health Sciences - Medical Technology Concentration</a>	B.S., certificate in Medical Technology	HCSA	In the Medical Technology concentration, students complete three years of coursework at MCLA and a clinical year at Berkshire Medical Center's Medical Technology program. Students who complete this concentration can become certified medical technologists and immediately work in the field. Strong students who have met the requirements outlined in the articulation agreement gain preferred admission to the School of Medical Technology at the Berkshire Medical Center in Pittsfield, MA. Students that complete the program at BMC earn a certificate in Medical Technology. The Articulation (3+1) has students complete the required course work for general education and biology program requirements in 3 years at MCLA, and then in their final year coursework in in the Medical Technology program at BMC. Students accepted into the medical technology program at Berkshire Medical Center will gain professional experience and training for the certification exam during their clinical year.	4 years (3+1 program)	Yes			

Massachusetts College of Liberal Arts/Sage Colleges	<a href="#">Health Sciences - Pre-Occupational Therapy Concentration</a>	B.S.	HCSA	The Pre-Occupational Therapy concentration includes the standard pre-requisite courses for advanced study in occupational therapy. After completing required coursework and other admission requirements, students can enter M.S. in Occupational Therapy programs to become occupational therapists. Strong students who have met the requirements outlined in the articulation agreement gain preferred admission to the M.S. in Occupational Therapy program at the Sage Colleges in Albany, NY.	-4 years for B.S. -4+2 years for B.S. and M.S.	Yes		\$40,300	
Massachusetts College of Liberal Arts/Sage Colleges	<a href="#">Health Sciences - Pre-Physical Therapy Concentration</a>	B.S.	HCSA	The Pre-Physical Therapy concentration includes the standard pre-requisite courses for advanced study in physical therapy. After completing required coursework and other admission requirements, students can enter Doctor of Physical Therapy programs to become physical therapists. Strong students who have met the requirements outlined in the articulation agreement gain preferred admission to the Doctor of Physical Therapy program at the Sage Colleges in Albany, NY.	-4 years for B.S. -4+3 years for B.S. and D.P.T	Yes		\$40,300	
Massachusetts College of Liberal Arts	<a href="#">Health Sciences - Pre-Physician Assistant Concentration</a>	B.S.	HCSA	The Pre-Physician Assistant concentration includes the standard pre-requisite courses for Physician Assistant programs. After completing required coursework and other admission requirements, students can enter an M.S. program to become physician assistants. Students interested in becoming physician assistants must document clinical hours, which can be completed by working as a nursing assistant at a local hospital or nursing home, as an emergency medical technician or as a medical scribe at a local hospital. Training for all of these options can be completed at local facilities.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Massachusetts College of Liberal Arts	<a href="#">Health Sciences - Sports Medicine Concentration</a>	B.S.	HCSA	The Sports Medicine concentration includes standard pre-requisite courses for advanced study in athletic training or other fields related to sports medicine. After completing required coursework and other admission requirements, students can enter M.S. programs in Athletic Training, Exercise Science, Kinesiology, or other programs in a student's area of interest. Athletic trainers practice at MCLA as well as at high schools in the surrounding area.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Berkshire Community College	<a href="#">Human Services</a>	Certificate	HCSA	The Human Services certificate program teaches basic generalist human services skills and ethics, and also provides a foundation in the social services. This certificate will increase a student's opportunities for employment and advancement in human services work. All courses required for the Certificate also meet requirements for the Human Services A.S. degree. A student who earns the Certificate will also have completed approximately half the credits required for the Human Services A.S. degree.	1 year	Yes		\$6,161	
Berkshire Community College	<a href="#">Massage Therapy</a>	Certificate	HCSA	This program prepares students to become MA licensed massage therapists, but students must complete the licensure exam on their own.	1 year		N/A	\$6,277	
Mildred Elley	<a href="#">Massage Therapy</a>	Certificate	HCSA	As a Massage Therapy program graduate, you will possess the depth of knowledge and practical experience from your studies to successfully practice massage therapy profession upon licensure by the state of Massachusetts. During courses, the Massage Therapy program student will learn how to manually manipulate the body through different massage therapy techniques. Students will have the opportunity to work with patients hands-on in the school's massage therapy clinics located at the Pittsfield campus. The Massage Therapy program satisfies the academic requirements to qualify massage therapy graduates for the Massachusetts State Massage Therapy Examination.	1 year				Not publicly-disclosed.
Berkshire Community College	<a href="#">Medical Assisting</a>	A.S.	HCSA	Prepares students for work as medical assistants, including clinical aspects such as patient prep, assessment of vital signs, patient education, medication administration, etc. and administrative functions including correspondence, records management, billing, etc. Graduates are able to take the national certification exam and if successful, use the designation of Certified Medical Assistant. Practical courses held at McCann and classroom instruction at BCC.	Not specified, but the program is a 43 credit course load in itself, so 2 years seems likely.	Yes	Yes		

McCann Technical School	<a href="#">Medical Assisting</a>	Certificate	HCSA	The program prepares individuals to function in a physician's office or health care facility performing both business administration and clinical medical skills.	1 year	Yes		\$3,120/\$4,620	Cost split reflects the difference between in-district (Adams, Cheshire, Clarksburg, Florida, Lanesborough, North Adams, Savoy, and Williamstown) and out of district. Also includes supplies, uniforms, etc.
Berkshire Community College	<a href="#">Medical Coding Technical</a>	Certificate	HCSA	Provides students with the foundational knowledge and technical skills needed to work as an entry-level medical coder in a medical care facility. Coursework in the program is designed to prepare students to sit for the CCA (Certified Coding Associate) examination.	1 year			\$3,721	
Mildred Elley	<a href="#">Medical Office Assistant</a>	Certificate	HCSA	The Medical Office Assistant Certificate program student at Mildred Elley will learn many different skills to prepare them for a career in the medical industry. The student will learn decision-making skills to prioritize tasks and make better decisions about patient health. Medical Office Assistant Certificate program students will become proficient at keeping files and schedules in proper order. They will also learn proper writing skills to better communicate with colleagues and patients.	1 year	Yes		Not publicly-disclosed.	
Williams College	<a href="#">Neuroscience</a>	N/A (Concentration)	HCSA	The Neuroscience program focuses on the brain's form and functions. This includes classroom instruction and experimental design projects.	N/A			\$278,560	Based on multiplying the 2018-2019 comprehensive fee (minus the study away fee) by four. Housing fee is mandatory.
Berkshire Community College	<a href="#">Nursing</a>	A.S.	HCSA	BCC's nursing program is a sequence of lecture, laboratory and clinical courses. Graduates are eligible to take the licensing examination to become registered nurses (RNs). The program also offers flexibility for LPNs to test out of NUR 101 and NUR 102.	2 years	Yes	Yes		
Berkshire Community College	<a href="#">Nursing</a>	B.S.	HCSA	A Bachelor of Science degree with a major in nursing, awarded by the University of Massachusetts, designed for working registered nurses with a diploma or an associate degree, is offered in collaboration with Berkshire Community College. General education and nursing foundation courses must be completed before admission to the nursing major. Course work completed at colleges or universities other than Berkshire Community College will be reviewed for transfer to the University. The UMass/Amherst program of study, taught by University faculty, is a learner-centered program combining Internet/Web-based instruction and clinical practice to meet the needs of registered nurses with other life responsibilities.	One year (full-time) Two years (part-time)	Yes			
Berkshire Community College	<a href="#">Physical Fitness</a>	Certificate	HCSA	Training covers different approaches to exercise and wellness theory. Program provides opportunity to achieve ACE Personal Trainer Certification, which is nationally-recognized.	1 year	Yes	N/A	\$6,277	
Berkshire Community College	<a href="#">Physical Fitness Option</a>	A.S.	HCSA	Explores the Physical Fitness degree in greater depth. Includes advanced practicum and sports psychology.	2 years		Yes		
Berkshire Community College	<a href="#">Physical Therapist Assistant</a>	A.S.	HCSA	Prepares students for certification as physical therapist assistant. Program graduates are eligible to take the national examination to be licensed as a physical therapist assistant.	2 years	Yes	Yes		
Berkshire Community College	<a href="#">Practical Nurse</a>	Certificate	HCSA	Social, technological, and economic changes in today's society make nursing one of the most dynamic areas of health care. There are job opportunities for practical nurses in Berkshire County and throughout the country. The primary employment setting for graduates of the Practical Nurse Certificate Program is in nursing homes. Upon graduation, students are eligible to take the National Council Licensing Examination (NCLEX-PN) to become a licensed practical nurse (LPN).	1 year	Yes		\$10,324	
Mildred Elley	<a href="#">Practical Nurse</a>	Certificate	HCSA	This program provides students with the clinical and lab skills necessary to become a clinical LPN. Students complete training at clinical partner sites. The program is designed to prepare students to pass the NCLEX-PN examination, which is the licensure examination that qualifies an individual to work as a nurse in Massachusetts.	16 months	Yes		Not publicly-disclosed.	Acceptance requirements: Math and science scores from high school/college. B- or better. Need to score better than 50% on the TEAS exam. May accept some transfer credits from an academic setting.

McCann Technical School	<a href="#">Practical Nursing</a>	Certificate	HCSA	The program utilizes both classroom instruction and clinical experience to prepare students to take the NCLEX-PN, the national licensure exam.	10 months Jan to November	Yes		\$5,260/\$8,760	Cost split reflects the difference between in-district (Adams, Cheshire, Clarksburg, Florida, Lanesborough, North Adams, Savoy, and Williamstown) and out of district. Also includes supplies, uniforms, etc.
Bard College at Simon's Rock	<a href="#">Pre-Medical Studies</a>	B.A.	HCSA	Students in the Pre-Medical Studies concentration get the breadth of science and mathematics required for admission into medical school, and supplement these fields with courses that develop an understanding of the complexities of human nature.	2 years (plus two for the A.A.)	Yes	Yes	\$222,928	Estimated from multiplying the current tuition and fees (minus residence fee, enrollment fee, and international orientation fee) by 4.
Bard College at Simon's Rock	<a href="#">Psychology</a>	B.A.	HCSA	The psychology concentration at Simon's Rock offers courses in areas such as biopsychology, clinical, personality, social, and developmental psychology, and neuroscience as an academic foundation for students who wish to do graduate work in psychology and related disciplines such as sociology.	2 years (plus two for the A.A.)	Yes		\$222,928	Estimated from multiplying the current tuition and fees (minus residence fee, enrollment fee, and international orientation fee) by 4.
Massachusetts College of Liberal Arts	<a href="#">Psychology</a>	B.A.	HCSA	Working with faculty members who are published scholars, students have opportunities to co-author professional articles and give presentations at regional and national psychology meetings. Through a cooperative program with the New England Center for Children, a premier treatment and research center for autism spectrum disorders, students can spend a semester working directly with children under the close supervision of Center personnel. The Behavior Analysis minor satisfies the coursework required for certification as a board certified associate behavior analyst.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Williams College	<a href="#">Psychology</a>	B.A.	HCSA	Psychology provides a rich body of knowledge, important issues, and fascinating questions—both for students who major in the field as well as for those seeking to enhance their general liberal arts education.	4 years	Yes		\$278,560	Based on multiplying the 2018-2019 comprehensive fee (minus the study away fee) by four. Housing fee is mandatory.
Williams College	<a href="#">Public Health</a>	N/A (Concentration)	HCSA	The Public Health Program at Williams consists of at least one introductory course devoted to the field as a whole (PHLH 201) and one course in statistics, supplemented by a myriad of electives that cover topical areas such as demography; environmental health; global health; individual and institutional decision-making; maternal, child, and reproductive health; science and medicine; and bioethics. It also includes field experience and a capstone course that provides opportunities to reflect upon and synthesize the practical with the theoretical aspects of the education and to learn to work collaboratively to address pressing concerns in population health.	N/A			\$278,560	Based on multiplying the 2018-2019 comprehensive fee (minus the study away fee) by four. Housing fee is mandatory.
Berkshire Community College	<a href="#">Reiki Level 1 The Introductory Course</a>	Certificate*	HCSA	This workshop is for anyone who wants to learn Reiki (RAY-kee) with no specialized knowledge or skills required. In this class, students will be initiated to Reiki Level 1 enabling them to begin a daily self-practice to achieving better balance. A body that is more balanced is able to access the body's innate healing wisdom, and thereby, more effectively able to handle stressors, conflict, illness and pain. Students w the history of Reiki as well as its many applications. A Reiki Level 1 certificate will be provided at the conclusion of this class.	4 hours	Yes		\$175	*Credential not issued by institution
Berkshire Community College	<a href="#">Respiratory Care</a>	A.S.	HCSA	Program combines lecture, lab, and clinical experiences to prepare students for careers as respiratory therapists. Graduation makes one eligible to take the national registration exam.	2 years	Yes			
Berkshire Community College	<a href="#">Social Work Transfer</a>	A.S.	HCSA	Students acquire the skills, values, ethics, and internship experiences necessary to transfer successfully into a Bachelor of Social Work program. BCC Human Services graduates regularly gain admission to excellent Bachelor of Social Work programs and perform outstanding work in these programs. Students who attend college full time are usually able to earn a BCC associate degree in two years and a Bachelor of Social Work degree in two additional years. A Masters in Social Work (MSW) degree, providing access to the Licensed Independent Clinical Social Worker (LICSW) level of social work practice, can be attained in one to one and one half years after earning the Bachelor of Social Work degree.	2 years	Yes	Yes		

Massachusetts College of Liberal Arts	<a href="#">Sociology, Anthropology, and Social Work</a>	B.A.	HCSA	Program emphasizes both scientific and humanistic methods of inquiry and provides insight into peoples of the world, children, families, social classes, pregnant teens, the elderly, and many other groups. Students are encouraged to integrate formal instruction with supervised activities such as internships in social agencies, research in the local community, service learning experiences, and attendance at professional meetings.	4 years	Yes		\$40,300	Based on the cost of the current tuition (\$10,075) multiplied by four.
Berkshire Community College	<a href="#">Surgical Technology</a>	A.S.	HCSA	Program prepares students for work as surgical technicians, working in sterile environments with surgeons, anaesthesia personnel, and nurses. Graduates are eligible to take the national certification exam. The A.S. is considered to be the preferred educational model for entry level-practice in this field.	Not specified, but the program is a 43 credit courseload in itself, so 2 years seems likely.	Yes	Yes		
McCann Technical School	<a href="#">Surgical Technology</a>	Certificate	HCSA	The program includes components of the basic sciences, operating room practices and procedures, safe patient care, operating room technique, surgical procedures, and clinical practice. Graduates are eligible to take the national board certification exam.	1 year	Yes		\$3,075/\$4,575	Cost split reflects the difference between in-district (Adams, Cheshire, Clarksburg, Florida, Lanesborough, North Adams, Savoy, and Williamstown) and out of district. Also includes supplies, uniforms, etc.
Williams College	<a href="#">Biochemistry &amp; Molecular Biology</a>	N/A (Concentration)	HCSA/AMES	The program has been structured to provide students the necessary background in biology and chemistry, a solid introduction to biochemistry and molecular biology (through BIMO 321 and 322), and the opportunity, through a wide choice of electives, to explore many areas of modern molecular biology and biochemistry.	N/A			\$278,560	Based on multiplying the 2018-2019 comprehensive fee (minus the study away fee) by four. Housing fee is mandatory.
Berkshire Community College	<a href="#">Culinary Arts</a>	Certificate	Hospitality	The Culinary Arts one-year, 28-credit certificate program prepares students for responsible positions in food production. In the college's cooking laboratory, students learn food preparation, plate presentation, buffet and banquet techniques for small and large groups. Sanitation, nutrition, baking principles, food service and controls used in managing a professional kitchen are studied. Students also apply their skills with a supervised work experience; this normally takes place during the summer after the course work is completed. Career paths and a study of the hospitality industry is also covered.	1 year	Yes		\$6,064	
Berkshire Community College	<a href="#">Food Allergen Training</a>	Certificate*	Hospitality	Held in Coordination with Berkshire AHEC, this online training program certifies food establishment workers as food protection managers. MA law requires at least 1 certified food protection manager on staff for all establishments that cook, prepare or serve food intended for immediate consumption.	Online			\$10	*Credential not issued by institution
Berkshire Community College	<a href="#">Hospitality Administration Career Option</a>	A.S.	Hospitality	The Hospitality Administration program is a field of study with the purpose of preparing people with the expertise, commitment, and skills for management and operations positions in the expanding industry that provides food, accommodations, and travel and tourism services. Students majoring in Hospitality Administration may elect a concentration in Culinary Arts Management, Food & Beverage Management, or choose from a blend of professional electives. To draw the links between theory taught in the classroom with practice observed in the field, a cooperative education experience in the hospitality industry is required.	2 years				
Berkshire Community College	<a href="#">Hospitality Administration Transfer Option</a>	A.S.	Hospitality	The Hospitality Administration program provides students with a strong course foundation in hospitality management, business, sciences, and liberal arts. These courses prepare students for transfer to a baccalaureate institution. In addition, the program provides a wide educational background in many disciplines that are required to fulfill management positions in the challenging field of hospitality administration.	2 years	Yes	Yes		
Berkshire Community College	<a href="#">ServSafe Food Safety Certification</a>	Certificate*	Hospitality	Get certified in food safety and sanitation that is required by Massachusetts Food Code. This class meets the requirements needed for training a certified food safety manager. Certification is valid for five years. Recertification is also available for \$70.00.	7.5 hours	Yes		\$115	*Credential not issued by institution

Online	Training for Intervention Procedures (TIPS)	Certificate	Hospitality	TIPS is the global leader in education and training for the responsible service, sale, and consumption of alcohol. Proven effective by third-party studies, TIPS is a skills-based training program designed to prevent intoxication, underage drinking, and drunk driving. TIPS certifications exist for on-premise, off-premise, gaming, concessions, university, workplace, seniors, and parents.	Varies according to the course.	Yes		Varies according to the course. Registration for the online On Premise course costs \$40 on the TIPS website. <a href="https://www.tipsalcohol.com/on-premise-course.html">https://www.tipsalcohol.com/on-premise-course.html</a>
