**WILLIAMSTOWN** — Jack Miller Contractors of Williamstown was recently awarded a \$15,000 grant by the Workforce Training Fund Program which designs and executes workforce strategies in partnership with businesses, educators and training providers across the state.

Offered by the Commonwealth Corporation, the funding will be used to supplement the firm's overall training initiatives which target technical, business, management and leadership skills for the company's employees. Specific areas of training include construction contracting, professional/technical skills, lean training and leadership competency development. The funds must be used by September 2020. Jack Miller Contractors focuses on lean process and improvement. The grant will support several trainings available in that subject.
