

MassHire Berkshire Workforce Board congratulates the most recent graduates of our Certified Nursing Assistant Training programs!

Our training programs aim to support unemployed and underemployed individuals as they work to enter or move up in the Healthcare field. Training is provided free-of-charge to selected participants, and introduces students to all the skills they need through an accredited Nursing Assistant program.

Our partners at Berkshire Healthcare Systems provided a blended online training while Berkshire Health Systems provided a daytime training.

If you are interested in learning more or applying for our next cohort, visit MassHireBerkshire.com. Companies who want to interview our graduates, please email Training@MassHireBerkshire.com.

Funding is provided by a Senator Kenneth J. Donnelly Workforce Success Grant (Workforce Competitiveness Trust Fund and Healthcare Hubs awards) through the Massachusetts Executive Office of Labor and Workforce Development and is administered statewide by the Commonwealth Corporation and locally by the Berkshire Workforce Board.
