

Berkshire County Career Readiness System

Creating a future skilled workforce!

Connecting Activities

<http://www.massconnecting.org/>

Connecting Activities (CA) is a Department of Elementary and Secondary Education initiative that leverages a statewide infrastructure to support college and career readiness for all students. The CA line item in the state budget, establishes public-private partnerships through the 16 local MassHire Workforce Boards to connect schools and businesses. The initiative provides structured work-based learning experiences and career awareness and exploration opportunities for all students that support both their academic and employability skill attainment.

The MassHire Berkshire Workforce Board (MHBWB) has positioned itself as the regional lead in developing and coordinating all Career Readiness activities and programs for Berkshire County in-school and out-of-school youth. The MHBWB has established Connecting Activities as the 'overarching initiative' that encompasses all regional career awareness, exploration and immersion activities and has continued to work to strengthen partnerships and collaborations among school-based-staff, school district administration, regional employers and community-based professionals in expanding the College & Career Readiness system throughout Berkshire County.

Partners & Connected Initiatives

MassHire Berkshire Career Center
youth services, WIOA and Youth Works Programming

Berkshire Taconic Community Foundation
South County Fund – supporting South County’s Career Readiness initiatives

Berkshire Compact For Education
Aspirations & Access Committee

Berkshire Educational Resources K-12
Portrait of A Graduate

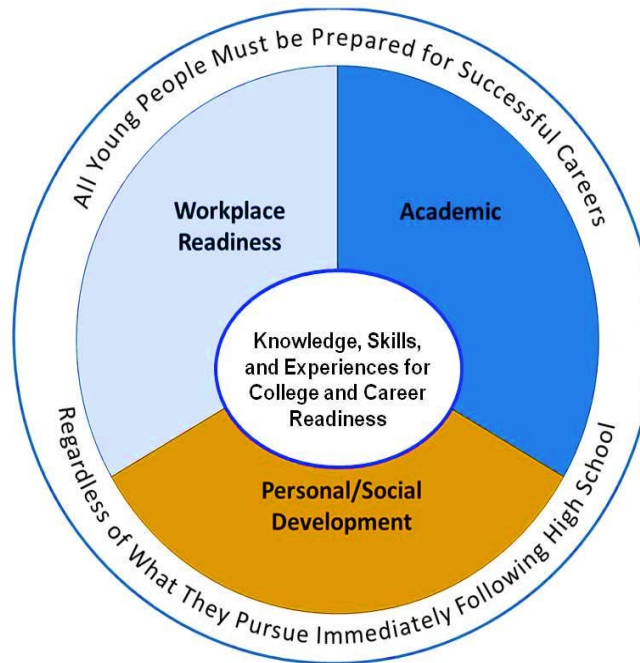

Berkshire United Way
Positive Youth Development

Regional Priorities

Create a fully integrated career readiness system within the region’s school districts

Keys to creating & expanding this system:

- MyCap / College & Career Planning System
- College & Career Teams
- Career Readiness experiences for all students, integrated curriculum
- College & Career Pathways
- Teacher Externships – Business & Educator connections
- Employer Engagement
- Career Readiness Professional Development

The Board of Higher Education and the Board of Elementary and Secondary Education voted to adopt a common definition of "college and career readiness" which established that workplace readiness is essential in preparing ALL students for success in a 21st century economy.

*College and career readiness means **EVERY** student has the requisite knowledge, skills and experiences in the academic, workplace readiness, and personal/social domains to successfully navigate to completion an economically viable career pathway participating in responsible citizenship.*
