MassHire Berkshire Workforce Board
FY2026 Workforce Innovations & Opportunities Act Request for Youth Program Proposals

INTRODUCTION

The MassHire Berkshire Workforce Board (BWB), in partnership with the City of Pittsfield, is responsible for the oversight of a variety of workforce development programs in Berkshire County. The BWB's primary mission is to meet the employment needs of workers and job seekers, while also meeting the workforce needs of employers. A critical piece of this mission is to engage in the preparation of the local future workforce.

The BWB is seeking proposals from interested parties to provide community system building services to disadvantaged in-school youth ages 14-21 and out-of-school youth ages 16-24 under the Workforce Innovations & Opportunities Act (WIOA). *The BWB supports strategies that address the needs of the region's most vulnerable youth and will therefore fund programs that build on existing community resources in maximizing the capacity for these youth to achieve career success and self sufficiency.* Successful bidders will use these WIOA funds to build their own capacity to provide workforce-related services and help address the barriers keeping young people from furthering their education and training, setting career goals and securing employment. **These funds are meant to be used to expand or create an infrastructure that will coordinate access to and the use of existing resources and services and should not be used to augment or supplant funding for services that currently exist.** Successful bidders will partner with Berkshire Training & Employment Inc. (BTE), the entity that operates MassHire Berkshire Career Center, who will provide framework and follow-up services.

BACKGROUND

The Berkshire County Youth Council was created in 1998 under previous Workforce Investment Act federal legislation. Under WIOA, the Youth Council continues to provide youth program policy guidance to the MassHire Berkshire Workforce Board regarding employment and training services for youth in Berkshire County. The 32 Berkshire County communities include: Adams, Alford, Becket, Cheshire, Clarksburg, Dalton, Egremont, Florida, Great Barrington, Hancock, Hinsdale, Lanesboro, Lee, Lenox, Monterey, Mt. Washington, New Ashford, New Marlboro, North Adams, Otis, Peru, Washington, Pittsfield, Richmond, Sandisfield, Savoy, Sheffield, Stockbridge, Tyringham, West Stockbridge, Williamstown, and Windsor. As a standing subcommittee of the BWB, the Youth Council has the responsibilities of selecting WIOA youth program vendors while continuously developing, coordinating and monitoring the area's various workforce development activities and programs for youth.

Workforce Innovations & Opportunities Act (WIOA) Requirements:

WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. This programming is most imperative for Berkshire County as it serves as one of many workforce development initiatives in addressing the region's population decline, widening skills gap and low youth employment rate. WIOA outlines a broader youth vision that supports an integrated service delivery system and provides a framework through which local areas can leverage other federal,

state, local, and philanthropic resources to support in-school youth (ISY) and out-of-school youth (OSY). WIOA charges local workforce areas to provide a continuum of high-quality, evidence-based services and programs for all youth and young adults, including career exploration and guidance, continuous support for educational attainment, opportunities for skills training in high-demand industries and occupations, placement in secure jobs along a career pathway and enrollment in post-secondary education.

WIOA emphasizes servicing youth within a **year-round comprehensive workforce development system that is outcome based and is built on services around a set of *fourteen required program elements***. (Please see Attachment A for a detailed listing) Successful bidders will work with Berkshire Training & Employment Inc. (BTE) via the MassHire Berkshire Career Center to provide access to these services.

These required program elements as listed in WIOA, Section 129(c)(2) are as follows:

PLEASE NOTE: WIOA youth program vendors are required to have these program elements available to youth in their programs, either through their own services, or through partnering agencies services.

- (1) Tutoring, study skills training, instruction and evidence-based dropout prevention and recovery strategies that lead to completion of the requirements for a secondary school diploma or its recognized equivalent (including a recognized certificate of attendance or similar document for individuals with disabilities) or for a recognized post-secondary credential;
- (2) Alternative secondary school services, or dropout recovery services, as appropriate;
- (3) Paid and unpaid work experiences that have academic and occupational education as a component of the work experience, which may include the following types of work experiences:
 - (i) summer employment opportunities and other employment opportunities available throughout the school year;
 - (ii) pre-apprenticeship programs;
 - (iii) internships and job shadowing; and
 - (iv) on-the-job training opportunities;
- (4) Occupational skill training, which includes priority consideration for training programs that lead to recognized post-secondary credentials that align with in-demand industry sectors or occupations in the local area involved, if the Local Board determines that the programs meet the quality criteria described in WIOA sec. 123;
- (5) Leadership development opportunities, including community service and peer-centered activities encouraging responsibility and other positive social and civic behaviors;
- (6) Supportive services;
- (7) Adult mentoring for a duration of at least 12 months that may occur both during and after program participation;

- (8) Follow-up services for not less than 12 months after the completion of participation – required for all WIOA youth;
- (9) Comprehensive guidance and counseling, which may include drug and alcohol abuse counseling, as well as referrals to counseling, as appropriate to the needs of the individual youth;
- (10) Integrated education and training for a specific occupation or cluster;
- (11) Financial literacy education;
- (12) Entrepreneurial skills training;
- (13) Services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services; and
- (14) Activities that help youth prepare for and transition to post-secondary education and training.

PURPOSE OF THIS RFP SOLICITATION

The BWB Youth Council is currently seeking proposals from private business, labor groups, public school systems, public or private agencies, community-based organizations, faith-based organizations, School-to-Career Partnerships, community colleges, proprietary schools, and other qualified educational and training institutions interested in providing services to disadvantaged in-school and/or out-of-school youth under the Workforce Innovations & Opportunities Act. **WIOA programming is not a separate summer program nor is it meant to only provide work-based-learning / paid work experiences.**

³ *WIOA regulations state that a youth who has received a high school diploma or HiSet while enrolled in WIOA must be enrolled in post-secondary education or employed within the first year after program exit.*

Funding is made available for a single, year-round delivery of comprehensive services based around the Required 14 Elements.

Importantly, this solicitation is intended to be a component of a customer-driven youth development system. **Awards will be competitive, based on expected outcomes, cost per participant, quality of the program design, demonstrated past performance, and understanding of the target population.** Specific criteria included within the RFP instructions will be used to evaluate all proposals submitted.

Under WIOA, the BWB has chosen to continue to invest funds where the need is greatest – in young people who face a multitude of barriers which are negatively impacting their potential for educational and career success. Some are at-risk of dropping out of school or have already dropped out and do not have a diploma. Some are young single parents with limited or no work experience. Others are young people without a support system who need positive mentoring and guidance to overcome life obstacles such as homelessness, substance abuse or delinquency.

Components of Effective WIOA In-School & Out-of-School Youth Programs

- **An *Individualized Service Strategy (ISS)* for each youth participant outlining their objective assessment results⁴, employment, educational and social-personal goals, appropriate achievement objectives and the combination of needed services based on the WIOA 14 Required Elements.** The ISS is initiated and maintained by the WIOA program vendor and BTE throughout the program year and follow-up period. The development of service strategies and goals within the ISS should be directly linked to WIOA performance indicators;
- Activities (including dropout prevention, intervention and recovery methods) leading to the attainment of a secondary school diploma or its recognized equivalent, or a recognized postsecondary credential;
- Preparation for postsecondary educational and training opportunities;
- Strong linkages between academic instruction and career awareness, exploration and immersion activities;
- Strong partnerships with educational institutions and employers to develop or connect participating youth to specific career pathway activities, programs and strategies;⁵
 - *The term ‘Career Pathway’ under WIOA means a combination of rigorous and high quality education, training and other services that –*
 - *Align with the region’s prioritized industry sectors and occupations (Please visit the BWB’s website at <https://masshireberkshire.com/about/key-initiatives/> to view these prioritized areas) :*
 - *Prepares individuals to be successful in education options*
 - *Includes counseling to support education and career goals*

⁴ All required assessments and ISS procedures will be outlined by BTE to awarded program vendors.

⁵ WIOA places a strong emphasis on Career Pathways, therefore, a connection to a career pathway must be included as part of a youth’s Individual Service Strategy.

- *Includes contextualized learning within an occupational cluster*
 - *Organizes education, training and other services that accelerates education and career advancement*
 - *Enables the attainment of a secondary and at least one post-secondary credential*
 - *Supports entrance or advancement within a specific occupation or occupational cluster*
- Opportunities for youth to become knowledgeable on regional labor market needs and the skills required for career success in today’s industry sectors;
 - Occupational education that lead to the attainment of recognized postsecondary credentials linked to local industry needs;
 - Preparation for unsubsidized employment opportunities through the provision of internships and structured work experiences;
 - Effective connections to employers, in-demand industry sectors and occupations of the regional labor market;
 - Evidence of or development of a coordinated information and referral system of available services for youth;
 - A case management system linking youth participants to needed educational, occupational enrichment and social service supports and programs, including continuous contact with caring adults / community mentors committed to participant’s educational and career success;
 - The involvement of parents/family members, former youth participants, and other members of the community with youth program experience in the design and implementation of WIOA youth models and services;
 - A monthly tracking and reporting system for each enrolled youth detailing services and outcomes. BTE will provide successful bidders with reporting and tracking forms **(Please see Attachment C). Monthly reports are essential to ensure proper and complete documentation of program outcomes.**

GUIDELINES FOR FY2026 WIOA YOUTH PROGRAMMING

Emphasis on out-of-school youth. Based on federal Workforce Innovation & Opportunity Act (WIOA) guidelines, no less than 75% of WIOA funding allocated to the region will be used to serve out-of-school youth during this funding cycle. With an estimated 6 million 16-24 year olds in this country not employed or not in school, WIOA youth programs will provide a needed continuum of

services to help disconnected youth navigate between the educational and workforce systems. The BWB is encouraging other funding sources such as Connecting Activities and other in-school grants and programs to address the needs of in-school youth.

Berkshire Training & Employment, Inc. will Provide Framework and Follow-up Services. Successful bidders will partner with Berkshire Training & Employment, Inc. (BTE) via MassHire Berkshire Career Center, the designated WIOA Youth Framework and Follow-up Services provider in the region. Framework and Follow-up services include youth intake/eligibility determination and assistance with follow-up services for enrolled youth. Framework and follow-up services will be provided at no cost to participants or successful bidders. *Please see Attachment A for a list of provided follow-up services.*

Fourteen Required Elements – See Attachment A. The BWB is required to make each of the fourteen (14) WIOA youth program elements available to eligible and enrolled youth. Therefore, selected WIOA Youth Program vendors must make all 14 Required Elements available to their youth participants for the duration of the contract. All elements should be offered as part of a cohesive program design, which includes connections / referrals to outside agencies and organizations.

Regional Impact. An important part of ensuring the success of our young people is ensuring the vitality of the economy that will support their work and lives. Preparing young people for participation in the workforce should always include thoughtful consideration of the demands and needs of local and regional businesses. Bidders are encouraged to address local labor market needs and engage decision makers in the process of addressing the workforce development needs of young adults. Priority will be given to proposals that focus on emerging and growing industries in Berkshire County and regional labor market and economic needs through the provision of career readiness activities and career pathway models to enrolled WIOA youth. Please visit <https://masshireberkshire.com/> for current labor market information and resources.

ONGOING SERVICE PRIORITIES

The BWB continues to update strategies for the delivery of WIOA-funded services for Berkshire County. The basic mission, however, remains the same; to offer a comprehensive youth service program which:

1. Focuses on a young person's assets;
2. Communicates high expectations;
3. Provides opportunities for leadership;
4. Expands a young person's understanding of the expectations of the workplace through hands-on experience;
5. Encourages a sense of personal identity;
6. Broadens a young person's perspective;
7. Provides them with safe surroundings, and;
8. Connects them with caring adults

Service Coordination: All WIOA youth activities must be connected to existing public and private resources and activities geared towards serving youth. Such activities include Connecting Activities and related youth workforce development programs of the BWB, MassHire Berkshire Career Center and its

community partners (please visit <https://masshireberkshire.com/> for more information on these programs). Sustainable partnerships between employers, youth serving agencies, school districts and workforce/economic development partners in the provision of youth services is strongly encouraged and given priority for funding.

Work Experience/Internship Parameters: WIOA section 129(c)(4) prioritizes work experiences with the requirement that local areas must spend a minimum of 20 percent of non-administrative local area funds on work experience. Under WIOA, paid and unpaid work experiences that have integrated components of academic and occupational education may include the following four categories: *summer employment opportunities and other employment opportunities available throughout the school year; pre-apprenticeship programs; internships and job shadowing; and on-the-job training opportunities.* **Subsidized structured work experiences or internships under WIOA are limited to a maximum of 300 hours at an hourly rate of \$15.00.⁶Please see Attachment D for a list of worksite expectations and guidelines.** Worksites should provide quality and safe working and learning opportunities, governed by the Massachusetts Work Based Learning Plan (please visit the Department of Elementary & Secondary Education's [Connecting Activities website](#) for more information on the MA WBL Plan tool). **Wages to youth in subsidized work experiences will be paid through Berkshire Training & Employment Inc. (BTE).**

Please note: TEGL 23-14 explains that program expenditures on the work experience program elements can be more than just wages paid to youth in work experience. Allowable expenditures can include staff time spent on the following:

- identifying potential work experience opportunities;
- working with employers to develop successful work experiences;
- evaluating the work experiences;
- developing and implementing participant work experience orientation sessions, classroom training or the required academic education component directly related to the work experience, as well as orientation for employers

Local Roles Under WIOA:

The MassHire Berkshire Workforce Board (BWB) provides policy and oversight for all WIOA activities. The BWB and local Lead Elected Official (LEO), has appointed a Youth Council which focuses exclusively on the development of youth programming. The BWB and its Youth Council works with the LEO to:

- Develop an annual workforce development plan that includes a description of how services, including those to youth, will be delivered in our region;
- Procure and select WIOA youth service providers;
- Coordinate youth activities; and
- Conduct oversight and evaluation of program activities of funded youth service providers.

⁶ Under WIOA, any in-school or out-of-school youth who is receiving subsidized funds to support their work experience must be income eligible and have an additional barrier.

Berkshire Training & Employment Inc. (BTE) operates **MassHire Berkshire Career Center**, the Massachusetts One Stop Career Center of Berkshire County, and serves as the Grant Recipient and Administrative Agency for all funds flowing to our area for **WIOA** sponsored activities. As such, Berkshire Training & Employment Inc. oversees all contracting and fund management responsibilities, ensuring that **BWB** policies are implemented through programs meeting administrative and financial regulations. **BTE** provides the following to selected WIOA program vendors:

- Assistance with **youth outreach and recruitment** services;
- Provides official WIOA **eligibility determination** of all targeted youth; *(Please see Attachment B for a listing of required eligibility documentation)*
- Performs a required series of **individual assessments** for each youth participant in the areas of aptitudes/interests, career interests/skills, occupational skills, work readiness and educational needs. The results of these assessments along with resulting strategies, support services and goals are indicated and updated within each participant's **Individualized Service Strategy (ISS)**. This is a living document that is managed collaboratively by BTE and program vendors; *(Please see Attachment E – ISS Form)*
- Assistance with youth referrals to outside community agencies and supports as needed;
- Maintains all eligibility and youth performance outcomes within the mandated Massachusetts One-Stop Employment System (MOSES) database. **All WIOA youth program vendors must therefore adhere to the form, content, and reporting of MOSES data to BTE throughout the program duration.** *(Please see Attachment C – Monthly Reporting Form).*
- Assist program vendors with the provision of the **14 Required Youth Elements** as needed, including **required follow-up services** *(Please see Attachment A - Required 14 Youth Elements under WIOA)*

These entities will work together in close cooperation with service providers selected through this RFP to build a comprehensive, integrated youth delivery system.

Applicants are asked to prepare their offers in the most favorable terms from a price and technical standpoint. *At the time this RFP was released, the Commonwealth of Massachusetts had not yet formally released the Berkshire's WIOA allocation.
